

Figure 1 is a schematic diagram of the experimental setup. It shows a vertical rectangular container filled with a fluid. Two horizontal electrodes are positioned at the top and bottom of the container. The distance between the electrodes is labeled as 'D'. The fluid is labeled 'FLUID'. The electrodes are labeled 'ELECTRODE'.

Nº	Equipo	Potencia		Pot. Total
		décam	decibelio	
1.	Módulo Reproductor	0,25	200	60,00
2.	Inversor 2000W	2		60,00
	Potencia total a baterías			90 kW
